REBA 2020-2021 TRAVEL BASKETBALL REGISTRATION

Click here to [REGISTER](#) for the Travel Basketball Season.
If you have questions please contact the ECC* at (203)459-9700.

*The REBA program has been a successful partnership between the Boys & Girls Club of Redding-Easton (BGCRE) and the Easton Community Center (ECC) since 2011.

This season program administration will be managed by the ECC.

The Easton Community Center is located at
364 Sport Hill Road
Easton, CT. 06612

Turn into Helen Keller School complex and follow the blue signs to our parking lot.

See important information regarding Covid-19 protocols below.

Covid-19 Health and Safety Information

It is with the highest possible level of excitement and caution that we prepare for the start of the Travel Basketball season and look forward to your child participating.

In response to the Covid-19 pandemic, The Easton Community Center has implemented new protocols to protect the health and safety of our participants and staff members.

We are ready, but we can't operate safely without your help and support! We need every single staff member, coach, manager, player, and their families to take an active part for our plan to work.

Please read through this information carefully, make sure your family discusses the importance of following these new precautionary measures. We are excited about everyone playing and competing at the Easton Community Center again.

***** Please note that all safety measures are subject to change based on guidance from the state, Office of Early Childcare, and the local health department. While we recognize that all risk cannot be completely eliminated, following these protocols will greatly minimize potential risk.*****

To reduce risk and create a safe space for participants the ECC will implement the following protocols:

1. Families are required to conduct at-home screenings that include a temperature check and visible inspection for signs of illnesses. Do NOT allow your child to attend games or practices if they are sick or if they have a temperature above 99.9 degrees.
2. REBA coaches, managers and staff will take temperatures and conduct a Visual Health Screening for observable illness prior to entering the ECC facility(e.g. cough or respiratory distress).
3. All parents and visitors are required to wear masks when dropping off, picking up and when entering/exiting the facility. Players are also required to wear mask unless they are actively practicing or playing.
4. Everyone in attendance will maintain social distancing of 6 feet or more throughout the game/practice.
5. Increased hygiene protocols including: increased hand washing and hygiene practices and additional sanitizing stations around the facility containing alcohol-based sanitizer.
6. Reduced capacity and cohort size of no more than 1 family member can attend each game.
7. Thorough and frequent cleaning of high touch areas, activity areas, and equipment.
8. Signage about Covid-19 protocols throughout the ECC.

9. Communicate about illnesses and diagnosis with participants and staff so we can take appropriate action.
10. The ECC reserves the right to refuse entry to anyone who is not wearing a mask or are showing Covid-19 symptoms.

See our Covid-19 Return to Play policy - [Click Here](#)

All parents, players, coaches and managers are expected to follow these guidelines and conduct themselves in a respectful manner at all times or you will be ejected from the facility and property.

We at the Easton Community Center are taking extra care in meeting and exceeding the state, the OEC, and the CDC guidelines. These protocols are to make our programs and facility a fun and safe experience for everyone to enjoy!
